

MUHAMMAD DIVA ALFAHRIZY

Fullstack Developer & UI/UX Architect

Indonesia | diva3577@gmail.com | <https://www.linkedin.com/in/al-fay/> | <https://alfay-portofolio.vercel.app> | <https://github.com/Al-fay>

PROFESSIONAL SUMMARY

Mid-level Fullstack Developer with 3+ years of experience delivering web and mobile solutions for financial institutions and government agencies. Proven track record in building payment-integrated systems (Banking Virtual Account), paperless administration platforms, and public service applications. Strong in Laravel, CodeIgniter 4, React/Next.js, and TypeScript, with a focus on performance, security, and intuitive UI/UX. Comfortable owning projects end-to-end, from requirements and architecture to deployment.

TECHNICAL SKILLS

Frontend	TypeScript, React JS, React Native, Next.js, TanStack Start, TailwindCSS, Bootstrap, Framer Motion
Backend	Laravel, CodeIgniter 4, Node.js / Express, FastAPI
Database	MySQL, PostgreSQL, Supabase, Firebase
DevOps & Tools	Docker, Vercel, Cloudinary, Git
Core Competencies	UI/UX Design, REST API Integration, Banking VA Integration

PROFESSIONAL EXPERIENCE

Mid-level Fullstack Developer & UI/UX Architect

2024 – Present

Kospin Jasa Syariah | Indonesia

- **Built a school tuition billing portal** integrated in real time with bank Virtual Accounts (VA), featuring student invoice tracking and automated financial reports.
- **Developed an internal IT Service Desk & ticketing system** that streamlines cross-department requests and provides structured internal correspondence records.
- **Designed a web-based financing application portal** for cooperative members, simplifying submission workflows and improving processing efficiency.
- Delivered feature updates, bug fixes, and performance optimizations for the **iOS Mobile Banking (m-Banking) app** used by cooperative members.

Freelance Fullstack Developer

2022 – Present

Self-employed | Remote

- Delivered the **Paperless Correspondence System** (incoming/outgoing mail registry) for Bapperida, enabling fast document search and eliminating manual paper-based administration.
- Developed the **Social Aid Submission Portal** for Dinas Sosial Kab. Pekalongan to support data validation and faster distribution of social assistance.
- Built a **Public Grievance & Infrastructure Tracking System** for Desa Gandu, improving transparency and citizen-government communication.
- Designed and developed SEO-friendly, responsive **company profile websites** on custom-built CMS for small businesses.
